*Next meeting:* Tuesday, 09/21/10, 10:00, Room 133

---

**I. Announcements****Bioterrorism Response Laboratory:**

- LRN proficiencies received Wednesday, September 1, should be completed by Friday September 10, or Monday September 13.
- CDC-LPX drill specimens should be arriving this week
- IML for BT will be going live next week. Testing is ongoing.

**Chemical Threat Response Laboratory**

- CT is receiving a well deserved award from MOSES for the fine work done in the sulfur / mustard exposure in New Bedford. This will be presented next week.
- Testing continues for LIMS.
- CDC site visit is scheduled for 9/16 and 9/17. A tour of the Chem lab is scheduled.

**FERN**

- Intro to Food Microbiology course is scheduled for September 13 – 17. The stomacher will be demonstrated on Tuesday and Thursday will concentrate on instrumentation. (That may be a good area for the CDC visitors to view)
- The FERN Training Center has received funding for the next fiscal year.

**CDC Site Visit**

- September 16 – HSLI: 9 – 11 Director Meeting, Lab tour(s) to follow
- September 17 – 250 Washington St.
